Please see the starred L.A. Question on page 1 c.1 regarding the establishment of a Tuberculosis Sanatorium at Mudishedde, South Kanara District.

RO 3403 P II 26.9.49 (M) HSS-5bc/Y

2. The proposal to open a T.B. Sanatorium at Mudishedde was accepted in September 1949 on the following basis:-

(a) the Sanatorium will have 25 beds to start with, consisting of 1 general ward of 18 beds, 1 special ward of 1 bed and 3 special wards of 2 beds each.

(b) the cost of construction of the sanatorium with 25 beds will be Rs.3,90,800 of which the South Kanara District Branch of the Madras Provincial Welfare Fund will donate Rs.2,67,607-4-6 and the balance of Rs.1,23,192-11-6 will be met by the State. (The balance amount of Rs.1,23,192- represents one half of the penalty amount collected from the South Kanara Central Stores for late delivery of food grains which was ordered to be utilised towards capital expenditure on the T.B.Sanatorium in S.Kanara Dt.)

(c) Any additional expenditure incurred on the construction of the Sanatorium (including provision of

equipment) will be met by the South Kanara District Branch of the M.P.Welfare Fund.

(d) The buildings on completion, will be handed over to Govt.

3. In March 1950 the Surgeon General sent revised plans and estimates for the construction of the Sanatorium. He proposed to make provision for only one general ward of 18 beds to start with. Even in respect of this ward with necessary staff quarters etc. the expenditure was estimated at Rs.5 lakhs, which exceeded the original estimate by Rs.1,09,200. As the South Kanara District Branch of the M.P.Welfare Fund should meet this extra expenditure as per the original arrangement, the Branch was asked to state whether it would agree to meet the extra cost. Pending reply from the S.Kanara Br. Branch, H.M.(Agri). suggested that the execution of this building work should be taken up as early as possible, that the amount collected by the people in S.Kanara District would be sufficient for at least a portion of this work and that the S.G. might be asked to make further suggestions regarding the most essential buildings which might be put up immediately with the amount available on hand. The S.G. was accordingly consulted in the matter. Subsequently the South Kanara Branch of the M.P.Welfare Fund itself came forward with the proposal that the building work of essential buildings might be left to the S.K. Branch, stating that the construction work will be done according to P.W.D. specifications and under the supervision of the P.W.D.officers. In G.O.No.3096 Health, dated 5-9-50, the Govt. agreed to the proposal.

4. The present position is that the Govt. will provide a sum of Rs.1,23,192-11-6 ultimately towards the non-recurring cost of establishing the Sanatorium. Of this amount, an expenditure of only Rs.1 lakh is to be incurred during the year 1950-51. The expenditure over and above the amount provided by the Govt. will be met by the Dt.Branch of the M.P.Welfare Fund. It is now the responsibility of the Dt.Branch to have the buildings put up quickly.

5. A draft answer to the Question is put up for approval. ~~May be circulated to H.M.(H).~~

May be circulated to H.M.(H) and H.E.
